### Overview

The clubs brief to Network was to create a concept that would allow club able to financially remodel, extend and update there existing BAR area.

The Club benefitted from a project team with open communication and commitment to delivering a high quality project on time.

### Minimising Disruption

As the project was taking place within a live environment, the client needed Network to ensure minimal disruption to its operations and patrons. There was continuous consultation with the Club in regard to noisy activities taking place and also demolition works were conducted to minimise inconvenience to patrons and staff.

### Complex Elements

The club needed a high end quality designed bar to give a more efficient working platform for there staff

### Tight Programme

Time was a premium and the Club's need was to continue to operate with minor disturbances to its operations
