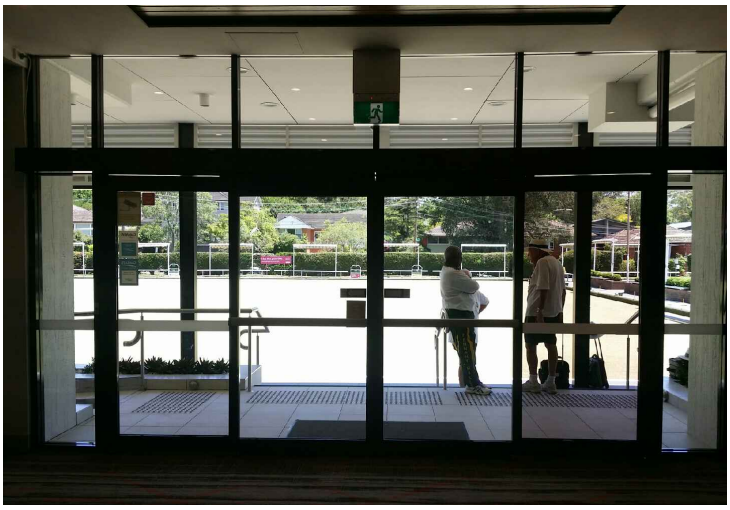
NEW DISABLED ACCESS FOR PENNANT HILLS BOWLING CLUB



NEW ACCESS FOR MAIN ENTRY INCORPORATING DISABLED ACCESS

Client
7 Hills Group

Project Type
Design & Construct

Location
Pennant Hills NSW

Overview
Part of the Construction brief was to construct new grand access for club main entry and to incorporate disabled access for both into club and car park.

Complex Elements
The key challenge of this project was the demolition of existing paved area adjacent to existing bowling green so as to install a new concrete base slab complete with new non slip tiles and with new complying ramp from existing carpark complete with stormwater drainage for new tiled area. Network constructed new disabled ramp and stairs to form new entry to club

Network also installed new passenger lift from entry area to service lounge and1st floor function areas.

New disabled toilet's where also created to both male and female toilets.
